To Whom It May Concern:

This is my personal recommendation for Linda Marine. Linda was employed by me as a paralegal in June, 2000. Linda was my only employee for most of the past 8 years so she was also responsible for running the office, doing the secretarial work, bookkeeping and client billing.

I was impressed with Linda's professionalism. She was reliable, dedicated and eternally upbeat. Linda was able to multi-task effectively and handle a high-volume workload. She was very detailed, a quick learner, and her work is exceptional.

Linda treated our clients with the respect and kindness they deserved. Over the eight years, I received many compliments from our clients about Linda being so knowledgeable and helpful when communicating with them. Linda was a hard-worker, as very organized, and creative in her thinking, always taking the initiative with everything she did. She put many procedures in place that have been successful and will continue in the future. She was able to work independently and follow through projects to completion. She was a great employee and her genuine personality makes her enjoyable to be around.

In January when Linda announced her resignation to start her own billing company, I was saddened by the news, although I wish her the greatest success in her new undertaking. I am a client of Linda's with her new business and greatly appreciate her taking care of my client billing and bookkeeping. Linda was a tremendous asset to my law practice and I highly recommend her, without reservation, to anyone that has the pleasure of working with her, in any capacity.

If you have further questions with regard to her background or qualifications, please do not hesitate to call me.

Yours very truly,
